ENGLEWOOD, Colo., Nov. 6, 2018 /PRNewswire/ -- Zynex, Inc. (OTCQB: ZYXI), an innovative medical technology company specializing in the manufacture and sale of non-invasive medical devices for pain management, stroke rehabilitation, cardiac monitoring and neurological diagnostics, today reported financial results for its third quarter ended September 30, 2018 and a one-time special cash dividend to its shareholders.

### President and CEO Commentary:

Thomas Sandgaard, CEO said: "I am pleased to report revenue of \$8.1 million in the third quarter with net income of \$2.6 million or \$0.08 per diluted share. Adjusted EBITDA was \$3.0 million and the quarterly revenue was 19% higher than the third quarter of 2017. Revenue was up 7% from the \$7.6 million recorded in the second quarter of 2018. Orders grew 30% compared to the third quarter of 2017 and were 10% higher than the second quarter of 2018. Our cash on hand increased to \$8.1 million at the end of the third quarter.

We currently estimate our fourth quarter revenue to range between \$8.6 and \$9.1 million with Adjusted EBITDA between \$3.0 and \$3.5 million. Based on our fourth quarter estimate, our full year 2018 revenue is projected to range from \$31.2 to \$31.7 million, approximately 33% to 35% growth compared to \$23.4 million in 2017 and our Adjusted EBITDA for 2018 is projected to be range from \$10.8 to \$11.3 million compared to \$9.5 million in 2017.

We recently obtained a patent on our Blood Volume Monitor. I am very excited for this important milestone for this product that is fully developed while we are awaiting FDA clearance for the US market and CE marking for the European markets.

I am also pleased to announce that our Board of Directors has declared a special cash dividend of \$0.07 per share of the Company's common stock. The dividend is payable on January 18, 2019 to shareholders of record as of January 2, 2019. The total dividend is currently estimated to be approximately \$2.3 million. With our continued strong financial performance, it is appropriate to reward our shareholders for their support and confidence in the Company.

We continue to advocate for pain patients and for physicians to prescribe our NexWave technology as the first line of defense in treating chronic acute pain without side effects. We are dedicated to marketing our technology in order to remove patient addiction and other side effects from prescription opioids."

### Third Quarter Financial Results Summary:

The Company reported net revenue of \$8.1 million, a 19% increase over Q3-2017. Gross margins were 80% in the third quarter of 2018 and 2017. Net income grew 18% to \$2.6 million in the third quarter of 2018, compared to \$2.2 million last year.

Adjusted EBITDA was \$3.0 million in the third quarter of 2018 compared to \$3.1 million last year. The decrease in adjusted EBITDA year over year is related to our investment in our sales force to drive current and future order growth and increased personnel in our headquarters primarily related to our billing, quality and regulatory departments.

The Company generated \$6.8 million of cash from operations during the first nine months of 2018, an increase of 43% compared to \$4.7 million in the first nine months of 2017. As of September 30, 2018, the Company had working capital of \$8.6 million compared to \$4.4 million at December 31, 2017.

### **Non-GAAP Financial Measures**

Zynex reports its financial results in accordance with accounting principles generally accepted in the U.S. (GAAP). In addition, the Company is providing in this news release financial information in the form of adjusted EBITDA (earnings before interest, taxes, depreciation, amortization and stock compensation). Management believes these non-GAAP financial measures are useful to investors and lenders in evaluating the overall financial health of the Company in that they allow for greater transparency of additional financial data routinely used by management to evaluate performance. Adjusted EBITDA can be useful for investors or lenders as an indicator of earnings available to service debt. Non-GAAP financial measures should not be considered in isolation from or as an alternative to the financial information prepared in accordance with GAAP.

### **About Zynex**
