

Zynex names new Vice President of Sales and Marketing

ENGLEWOOD, Colo., Feb. 28, 2019 /[PRNewswire](#)/ -- Zynex, Inc. (NASDAQ: ZYXI), an innovative medical technology company specializing in the manufacture and sale of non-invasive medical devices for pain management, stroke rehabilitation, cardiac monitoring and neurological diagnostics, today announced it has hired Christopher A. Brown as its Vice President of Sales and Marketing.

Chris Brown has spent his entire career in sales and marketing in the healthcare industry including start-ups, venture backed and publicly traded companies. Chris has in his career held Vice President positions with Safeop Surgical, Nuvasive/Impulse Monitoring, Intelistaff Healthcare and Steris Corp/AMSCO. Chris holds a Bachelor's Degree in Business Administration from Indiana University of Pennsylvania.

Thomas Sandgaard, CEO, said: "I am excited to have Chris on board to lead our growing sales organization covering the market for prescription-strength electrotherapy for pain management. Not only do we continue to hire sales reps at a rapid rate, we are now creating an infrastructure that can handle the volume we anticipate from eventually covering the entire country with sales reps".

About Zynex

Zynex, founded in 1996, markets and sells its own design of electrotherapy medical devices used for pain management and rehabilitation; and the company's proprietary NeuroMove device designed to help recovery of stroke and spinal cord injury patients. Zynex is also developing a new blood volume monitor for use in hospitals and surgery centers. For additional information, please visit: Zynex.com.

Safe Harbor Statement

Certain statements in this release are "forward-looking" or projections and as such are subject to numerous risks and uncertainties. The company makes no express or implied representation or warranty as to the completeness of this information or, in the case of projections, as to their attainability or the accuracy and completeness of the assumptions from which they are derived. Actual results may vary significantly from the results expressed or implied in such statements. Factors that could cause actual results to materially differ from forward-looking statements include, but are not limited to, the need to obtain FDA clearance and CE marking of new products, the acceptance of new products as well as existing products by doctors and hospitals, larger competitors with greater financial resources, the need to keep pace with technological changes, our dependence on the reimbursement for our products from health insurance companies, our dependence on third party manufacturers to produce our goods on time and to our specifications, implementation of our sales strategy including a strong direct sales force and other risks described in our filings with the Securities and Exchange Commission including the "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2018 as well as Forms 10-Q, 8-K and 8-K/A, press releases and the Company's website.
