

## **Zynex Reactivates Medicare Provider Number in Effort to Accelerate Growth**

ENGLEWOOD, Colo., March 19, 2019 /PRNewswire/ -- [Zynex, Inc.](#) (NASDAQ: ZYXI), an innovative medical technology company specializing in the manufacture and sale of non-invasive medical devices for pain management, stroke rehabilitation, cardiac monitoring and neurological diagnostics, announced today that it has reactivated its Medicare Provider Number in an effort to also bill Medicare on behalf of its patients.

Thomas Sandgaard, CEO said: "We continue to expand our sales force and geographic footprint across the US and have decided to reactivate our Medicare provider number. Medicare continues to approve of and pay for our prescription strength pain management technology. We believe this initiative puts us in a strong position to procure prescriptions from more prescribing physicians and therefore help accelerate order growth."

### **About Zynex, Inc.**

Zynex, founded in 1996, markets and sells its own design of electrotherapy medical devices used for pain management and rehabilitation; and the company's proprietary NeuroMove device designed to help recovery of stroke and spinal cord injury patients. Zynex is also developing a new blood volume monitor for use in hospitals and surgery centers. For additional information, please visit: [www.zynex.com](http://www.zynex.com).

### **Safe Harbor Statement**

Certain statements in this release are "forward-looking" or projections and as such are subject to numerous risks and uncertainties. The company makes no express or implied representation or warranty as to the completeness of this information or, in the case of projections, as to their attainability or the accuracy and completeness of the assumptions from which they are derived. Actual results may vary significantly from the results expressed or implied in such statements. Factors that could cause actual results to materially differ from forward-looking statements include, but are not limited to, the need to obtain FDA clearance and CE marking of new products, the acceptance of new products as well as existing products by doctors and hospitals, larger competitors with greater financial resources, the need to keep pace with technological changes, our dependence on the reimbursement for our products from health insurance companies, our dependence on third party manufacturers to produce our goods on time and to our specifications, implementation of our sales strategy including a strong direct sales force and other risks described in our filings with the Securities and Exchange Commission including the "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2018 as well as Forms 10-Q, 8-K and 8-K/A, press releases and the Company's website.
