

Zynex Announces New Line of Products

ENGLEWOOD, Colo., May 18, 2020 /PRNewswire/ -- [Zynex, Inc.](#) (NASDAQ: ZYXI), an innovative medical technology company specializing in the manufacture and sale of non-invasive medical devices for pain management, stroke rehabilitation, cardiac monitoring and neurological diagnostics, today announced it has introduced a full catalog of physical therapy products for distribution through its US sales force.

Thomas Sandgaard, CEO said: "I am pleased to announce our catalog with over 3,300 products for our sales force to promote in the clinics across the country and allow us to continue to build strong relationships with prescribers and clinics we already serve.

The catalog is full of well-known brand names from manufacturers such as CanDo, Mettler, Richmar, Chattanooga, GameReady, Theratherm, Manosplint, Orfit, Baseline, TOGU, and Armedica to name a few. These products will be sold directly to clinics and therefore not require any insurance billing.

In the first quarter, we continued to focus on the execution of our growth strategy and the related growth of our sales force by adding 150 sales reps so far in 2020. Our sales force is now up to a total of 285 that will begin promoting all these products starting this week.

We continue to advocate for pain patients, and for physicians to prescribe our NexWave technology as the first line of defense in treating chronic and acute pain without side effects. We are dedicated to promoting our technology in an effort to remove patient addiction and other side effects from prescription opioids."

About Zynex, Inc.

Zynex, founded in 1996, markets and sells its own design of electrotherapy medical devices used for pain management and rehabilitation; and the company's proprietary NeuroMove device designed to help recovery of stroke and spinal cord injury patients. Zynex also has a blood volume monitor for use in hospitals and surgery centers. For additional information, please visit: www.zynex.com.

Safe Harbor Statement

This release contains forward-looking statements within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995.

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore you should not rely on any of these forward looking statements. The Company makes no express or implied representation or warranty as to the completeness of forward looking statements or, in the case of projections, as to their attainability or the accuracy and completeness of the assumptions from which they are derived. Factors that could cause actual results to materially differ from forward-looking statements include, but are not limited to, the need to obtain CE marking of new products, the acceptance of new products as well as existing products by doctors and hospitals, larger competitors with greater financial resources, the need to keep pace with technological changes, our dependence on the reimbursement for our products from health insurance companies, our dependence on third party manufacturers to produce our goods on time and to our specifications, implementation of our sales strategy including a strong direct sales force, the impact of COVID-19 on the global economy and other risks described in our filings with the Securities and Exchange Commission including our Annual Report on Form 10-K for the year ended December 31, 2019 as well as our quarterly reports on Form 10-Q and current reports on Form 8-K.

Any forward-looking statement made by us in this release is based only on information currently available to us and

speaks only as of the date on which it is made. We undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise.
