

## **Zynex Recognized as the Sixth Largest Biotechnology/Bioscience Company in Colorado**

ENGLEWOOD, Colo., March 30, 2021 /PRNewswire/ -- [Zynex, Inc.](#) (NASDAQ: ZYXI), an innovative medical technology company specializing in the manufacture and sale of non-invasive medical devices for pain management, stroke rehabilitation, cardiac monitoring and neurological diagnostics today announced the Denver Business Journal has recognized Zynex as the sixth largest Biotechnology/Bioscience public company in Colorado based on number of companywide employees as of November 1, 2020.

"We made significant progress in 2020 growing our salesforce and support positions within the organization," said Thomas Sangaard, CEO and founder of Zynex Inc. "We expect sales rep productivity to continually improve and are seeing strong momentum in order growth as the economy normalizes post COVID-19. We are positioned for another strong year of revenue growth."

### **About Denver Business Journal**

American City Business Journals (ACBJ) is the largest publisher of metropolitan business newsweeklies in the United States, with 44 business publications across the country reaching more than 3.6 million readers each week.

### **About Zynex**

Zynex, founded in 1996, markets and sells its own design of electrotherapy medical devices used for pain management and rehabilitation; and the Company's proprietary NeuroMove device designed to help recovery of stroke and spinal cord injury patients. Zynex has also developed a blood volume monitor for use in hospitals and surgery centers. For additional information, please visit: [Zynex.com](https://zynex.com).

### **Safe Harbor Statement**

This release contains forward-looking statements within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995.

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, projections, forecasts, anticipated events and trends, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore you should not rely on any of these forward looking statements. The Company makes no express or implied representation or warranty as to the completeness of forward looking statements or, in the case of projections, as to their attainability or the accuracy and completeness of the assumptions from which they are derived. Factors that could cause actual results to materially differ from forward-looking statements include, but are not limited to, the need to obtain CE marking of new products, the acceptance of new products as well as existing products by doctors and hospitals, larger competitors with greater financial resources, the need to keep pace with technological changes, our dependence on the reimbursement for our products from health insurance companies, our dependence on third party manufacturers to produce our goods on time and to our specifications, implementation of our sales strategy including a strong direct sales force, the impact of COVID-19 on the global economy and other risks described in our filings with the Securities and Exchange Commission including but not limited to our Annual Report on Form 10-K for the year ended December 31, 2019 as well as our quarterly reports on Form 10-Q and current reports on Form 8-K.

Any forward-looking statement made by us in this release is based only on information currently available to us and speaks only as of the date on which it is made. We undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future

developments or otherwise.
